Name:

Nationality:

Year:

Major (if declared):

Do you plan to study abroad? If yes, where?

Student Activities/Athletics/Affiliations:

Please tell us about the opportunities and funding that you have received in the past (from Middlebury or from external organizations):

Please share any opportunity or funding that you are currently seeking (at Middlebury or from an external organization):

Briefly describe a problem you have observed in a community you have lived in and explain how you might arrive at a solution.

When did you experience an “aha moment” or an epiphany about what is important to you?

What differentiates you from others who may be applying for this fellowship in terms of your experiences, skills and talents?

How will you translate those skills and talents into improving the lives of those living in your community?

How will you draw on the expertise of professors, staff, and your fellow students at Middlebury, or in the community in the next two years to develop a project that is both practical and can be implemented within the budget? How will you serve as a mentor to other student changemakers?

The Social Entrepreneurship Fellowship requires significant time commitment. Given this, are you willing to prioritize this program as second only to academics? What activity(ies) are you willing to give up in order to focus on the Fellowship?

Is there anything else that you would like us to know about you?
